## BUILDING PRODUCT INFORMATION SHEET

Product Name

**CLASS 1**

Place of Manufacturer:      **New Zealand**       **Overseas**  (please tick applicable)

**Legal and Trading name of the Manufacturer(s):**

We source our products from various quality approved Overseas manufacturers. For details relating to a product batch or lot number you intend to purchase please contact the team on [BPiRenquiries@konnectshop.com](mailto:BPiRenquiries@konnectshop.com) for additional specific information.

**Legal and Trading name of the Importer (if applicable):**

**Address for Service:**

STREET NAME       SUBURB

CITY, COUNTRY       POSTCODE

<b>Website</b>	<input type="text" value="konnectfasteningsystems.co.nz"/>
<b>Email Address</b>	<input type="text" value="BPiRenquiries@konnectshop.com"/>
<b>Phone No</b> (if applicable)	<input type="text" value="0508 566 632"/>
<b>NZBN</b> (if applicable)	<input type="text" value="9429037435394"/>

**Product Identifier/Drawing (if applicable):**

**Product Description:**

Weld (Shear) studs are used to secure framed buildings by creating a shear connection between steel and concrete. These fasteners secure beams and resist loading between concrete and steel components in a composite construction. Weld studs come with a ceramic ferrule that contain the molten pool between the stud and the plate and shield the arc.

Konnect is a registered trademark of Coventry Group (NZ) Ltd. NZBN 9429037435394 T/as Konnect Fastening Systems

**Scope of Use**

Residential and Commercial buildings  
Composite flooring  
Metal Decks  
Bridging

**Limitations**

The most reliable way of establishing compliance with the requirements of AS/NZS 5131 and AS/NZS 1554.2 are to use a company certified under the HERA Certification Ltd Steel Fabricator Certification Scheme (SFC)

**Materials**

Low carbon steel meeting AS/NZS 1554.2 standard  
Sizes ranging from M16-M25 in varying after weld lengths

**Installation**

It is the responsibility of the user to select the correct size of fastener that will meet the requirements required for that particular installation.

Installation guidelines to be followed as set out by the manufacturer and AS/NZS 5131 and AS/NZS 1554.2 standards

**Maintenance**

Ongoing inspection not required for this product
